DEC Memo: "Prior to Sept, 2004 data translation this spill Lead_DEC Field was KRMGOLD 02/02/04. J.Krimgold @ site. Spoke to Mr. Minardo. He complained about strong petro odor in his apartment and neighborhood. House does not have oil heating. J.Krimgold did not notice oil odor, but inspected the area and did not find a possible source. Agreed that if petrol odor reoccurred Mr. Minardo will call DEC immediately."
Not reported

Remarks: "Caller noticed smell about 4:30pm - smells like heating oil all over the neighborhood. Local fire department came and asked a few questions (such as if the residents had heating oil). They poured water into sewers to see if that would take care of the smell. The fire department apparently can't find the problem and the caller finds the smell unbearable. People in the neighborhood are leaving their residences and sleeping elsewhere because the smell is so bad."
